EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Warren Zitlau on January 31, 2006.

The application has been amended as follows:

In remaining claim 25, please add the following to the end of the claim,

-- moisture content, depending on the phenolic compound and dicyclopentadiene starting materials. --

It was brought to the Examiner's attention that the first listing of claim 25- the second version had been cancelled in the last correspondence- did not contain the last line of text that had been recited in the cancelled version of claim 25. Applicant requested that the Examiner resolve this matter by way of Examiner's amendment.
